COAST CLIPPING.

Prohibition conventions have been called in Sutter and Yuba counties, Cal.

Wm. Russel, a disengaged prospector, shot himself to death in Tucson, A. T., October 11th.

Freights from Kelton to Wood River have gone up five cents a pound, the distance being 140 miles.

Seven lawyers are engaged in a trial at Red Bluff, Cal., to obtain a decree of the ownership of eight-hundred.

The Casper rancho in Tehama county, 20,512 acres, has been sold at auction to Croft Clark of Sacramento, for \$97,000.

Carl Vögelseller, of San Francisco, is under arrest for sending obscene postal cards through the mails, and is held to answer in \$1,000 bail.

Within the past 22 years Colorado has produced more than \$30,000,000 in gold and over \$30,000,000 in silver, to say nothing of the copper and lead values.

On the 12th, at Walker's ranch, near Grass Valley, Mrs. Dobbins, an old lady, aged 69 years, was kicked in the face by a horse and very seriously injured.

Dr. Glenn has nearly 150 stacks of wheat exposed to the rain. They will average 175 sacks each, but it is not known to what extent they have been damaged.

The city of Los Angeles, says the Herald, is growing to-day with a rapidity which is not rivaled on the continent as to ratio, outside of Kansas City, Denver, and perhaps Portland.

A cave of considerable size is reported to have been found in the neighborhood of Sierra Valley. It was explored a distance of some 500 feet, when further progress was cut off by a chasm.

The strikers on the Northern Pacific have stopped all the Chinese labor. The men seem sober and quiet. They have not destroyed anything yet. They claim to act under orders, but the leaders are not known.

The storms of the past few days have caused immense damage to crops in the vicinity of Fort Halleck. A. S. Dorsey has lost all his grain, even that which was in the stack being spoiled, so that he will not realize a single dollar from his whole crop.

A CRISIS IN THE COUNTY.

If ever the county of Washoe is to have a Republican party now is the time for the foundation to be laid. The spirit of harmony governed the convention and all the interests and claims of the party are represented on the ticket. It is, withal, a ticket that gives confidence to the taxpayers and deserves the support of all who desire the government to be carried on by the application of Republican principles. There is no reason in the world why anyone who votes for Strother and Powning should scratch any name on the county ticket. In times past the opposition have held all the best offices simply because personal enemies and sly trades have beaten over half the ticket. The matter of supporting or scratching the ticket, unless it is composed of dishonest men, becomes simply one of personal patriotism. The soldier leaves his home to fight for his principles, and the voter is called upon often to sacrifice friendship and vote for a candidate he has opposed, but he should be man enough to do it if he represents his principles. The Republicans of Washoe can have a grand party here and be a power in the land if they are united, but if they do as they have done heretofore they will only be a wrangling set of atoms in the State.

EDITORIAL NOTES.

The Lander Free Press says that Senator Powning, while in the Legislature, accomplished more for the benefit of the taxpayers of the State than any half dozen members who were ever there.

Henry George arrived in New York yesterday from England. He will be wined and dined and be the lion of the hour.

FOREIGN TELEGRAPH.

Affair in Egypt.

CAIRO, October 15.

The indictment of Arabi Pasha and his associates is not completed. The prosecution committee believe the court martial cannot meet for another week.

General Wolseley is ordered home. He leaves Thursday and will embark Saturday on the Iris, which will proceed to Trieste so as to avoid the quarantine at Brindisi.

All the States have agreed to the Khedive's decree granting three months' delay for the payment of commercial bills, except the United States, Russia, Portugal and Denmark, which so far have not been heard from.

General Wolseley ordered the closing of gaming house.

The question of counsel to defend the rebel leaders causes delay in the meeting of the court martial. The Egyptian government is preparing a note to Sir Edward Malet, showing the inconvenience of admitting foreign counsel in the case and explaining that the government instead would prefer to hand back Arabi Pasha and his associates to the military authorities for trial.

The Self-Accused Assassin.

DUBLIN, October 15.

Three London detectives have arrived with three of the crew of the Gladstone, on which Westgate, the self-accused assassin of Lord Cavendish and Secretary Burke, sailed for the West Indies. The sailors were subjected to a searching examination. The authorities are determined to sift the matter to quiet the public mind. Westgate will probably be brought home for the same purpose, but the police firmly adhere to the belief that Westgate is crazy.

Fanny Parnell's Remains.

NEW YORK, October 15.

The priests and ladies of the Central Land League met to day and made arrangements for receiving the remains of Fanny Parnell Wednesday morning. It was decided that an escort numbering some 10,000 persons should receive the cortège at Courtland street and accompany it to the 14th street depot, en route to Boston. The 69th regiment and other military organizations will be in attendance.

Don't talk to any one about the matter. Brown lied and we can make him smart for it if he attempts to injure Payne. He and you know it all and will stand together against Brown. Payne will send you the paper containing my interview with a reporter. Mum is the word. Please answer."

Wm. Holmes, one of the jurors, swears that during the second week of the star route trial Fall came to his house to see him, alleging the visit was at the instance of Attorney-General Brewster, for the purpose of ascertaining whether he (Holmes) knew of any attempts by defendants to corrupt the jury, such information having come to the ears of the Attorney-General. Fall told him all the other jurors were under the ban of suspicion and he was the only one in whom the department had any confidence. Fall also told him that Merrick, Bliss and Kerr knew nothing about his employment in the star route case, but he reported to the Attorney-General every night. Holmes on this and one or two other occasions, when Fall sought an interview with him, avoided conversation as much as possible, but told Fall he had no knowledge of any attempts to corrupt the jury, and defended with much zeal, Dickson, Ott and Martin, whose names were mentioned by Fall as being under suspicion by the Department. He promised, however, that he would do all he could to ravel out any corruption he might hear of.

Col. Ingerson concludes the interview by saying he thinks these affidavits establish the fact that agents and employees of the Department of Justice were for months engaged in the effort to corrupt with money and official position the jury upon whose verdict depended the liberty and reputation of the defendants.

The Skirmishing Fund.

NEW YORK, October 15.

The Fenian Fund Investigating Committee met this afternoon. A letter was read from Augustus F. Lyons, one of the trustees, stating that he had written Breslin and Devey, two other trustees, on the 6th instant, asking for a statement of money in the fund.

He received letters from them declining to give the desired information. Questions as to \$1,200 loaned James J. O'Kelly, to insure his election to Parliament from county Rosemon, and \$2,000 to the murdered editor Highland, brought forth a resolution, which was adopted, accepting Ford's statement as satisfactory and holding him honorably released from all blame in the \$1,200 loan.

The resolution condemned such perversion of the skirmishing fund and the conduct of the trustees in thus tampering with the people's trust.

Political Preachers.

NEW YORK, October 15.

Henry Ward Beecher, in his sermon to-day, advised his congregation to register, so that they might be able to select good and pure men for office. If any man did not want to vote the Republican or Democratic ticket he might find the Prohibition ticket a good one to vote. It had been stated that he himself was a Prohibitionist, but this he declared not true.

Several preachers preached politics yesterday. Beecher denied that he was a Prohibitionist; but Talmage glorified that he was one. He said: "For 1884 I nominate for President and Vice President—and I don't care which heads the ticket—Governor St. Johns of Kansas and Governor Colquett of Georgia, and let us prove that the war is indeed over by nominating to the highest office the illustrious Georgian."

A Brief Prize Fight.

KANSAS CITY, October 16.

A prize fight was fought 12 miles from this city at 6:30 o'clock this morning, between Andy Sweeney of this city and Jack Hanley of Colorado, for \$250 a side. The fighters are old athletes and have both been in the ring before and had put themselves in excellent training for the contest.

Some 2,000 spectators were present. Hanley weighed 170 pounds, Sweeney 182. After five rounds sparring Hanley closed and threw Sweeney. The second round resulted likewise. In the third round Hanley's right foot slipped just as he lunged out for Sweeney's ribs, and owing to the accident the blow landed below the belt, when Sweeney's seconds claimed the fight on a foul and the referee decided in their favor. Time of fight, 10 minutes and 14 seconds. Hanley was the favorite in the betting, and immediately challenged Sweeney to another contest.

A Steamer on Fire.

BOSTON, October 15.

Last Monday, about 1 in the morning, as the steamer Phoenician was about 400 miles from Cape Race, up to her voyage from Glasgow to this point, a brief fire was discovered by the watch in the after hold, the smoke pouring in a thick volume from the open hatchway. In the hold were stored bales of hemp and paper and cases filled with merchandise. The fire had obtained good headway, but after three-quarters of an hour the flames were extinguished. The commander thinks the fire was caused by spontaneous combustion. The damage by fire and water is large.

Desperadoes Set to Rights.

ST. LOUIS, October 15.

James and Edward Bean, two desperadoes who killed the City Marshal of Caldwell, Kansas, on the 22d of last

June, attempted to murder Sheriff Segur of Van Zandt county, Texas, some time ago, and who belonged to the gang that planned the robbery of the Texas & Pacific Railroad train near Dallas about a month since, but which was frustrated by a heavy storm, were overtaken by a posse under Constable Harvey near Sunset on Wednesday last, when the former was instantly killed and the latter mortally wounded.

Death of an Eloquent Preacher.

BALTIMORE, October 15.

Rev. Thomas Guard, the eloquent pulpit orator and pastor of Mount Vernon Place M. E. Church in this city, died this morning from the effects of an operation of lithotomy on Tuesday. Dr. Guard was for five years pastor of churches in San Francisco and Oakland, Cal., and a native of Ireland.

A Sunken Steamboat.

NEW ORLEANS, October 15.

Some months ago the steamship Gresham, laden with corn, had a hole knocked into her hull and sank at the wharf at Cincinnati. The underwriters sent divers, and efforts to raise her progressed favorably until to-day, when about 40 chains, which had been passed under her, gave way and the steamer again sank out of sight. It is stated that no further effort will be made to raise her.

A Doctor in Trouble.

DECATUR, Ills., October 15.

Last Tuesday Miss Estelle Wrisley died suddenly, under somewhat suspicious circumstances. The body has been exhumed and a post-mortem examination developed the fact that abortion had been produced. Dr. J. D. Wheeler, family physician, has been arrested and the coroner's verdict is to the effect that he caused the girl's death.

An Arkansas Murder.

LITTLE ROCK, October 15.

Wm. George, a prominent merchant at Reed's landing, was assassinated last night by parties unknown. The crime was committed for the purpose of robbery, which design was frustrated.

WESTERN TELEGRAMS.

An Old Suit Settled.

SAN FRANCISCO, October 16.

In the case of the city and county of San Francisco against the bondsmen of Alexander Austin, late Tax Collector, to recover upwards of \$100,000, the Court to-day rendered a decision for the bondsmen on the ground that the suit was barred by the statute of limitations.

Good Kidnapping.

PLACERVILLE, Cal., October 16.

Indian Dick, an Indian confined in the county jail for assault to murder, committed suicide this morning by hanging himself with a strap which he wore around his waist.

Finally Retired.

SAN FRANCISCO, October 16.

General McDowell turned over command of the Division of the Pacific to General Schofield yesterday.

Lassen Items.

[From the Advocate of the 12th.]

Beef cattle are becoming very scarce in this vicinity, and beef in the meat market is high.

The State and county tax for Modoc county is \$2 on each \$100 of taxable property.

The Bieber Jockey Club will give three days' racing, commencing Thursday, October 19.

The burned district of Susanville is fast being rebuilt. The buildings to be erected will in all probability be more sightly and substantial than those burned.

T. J. Giscock has purchased the Royal Hotel of Robert Johnston, and will take possession on or before the 21st inst.

The roads are very bad and travel is difficult.

The State and county tax levy in Plumas county for the fiscal year is \$2.40 on each \$100 of taxable property, which is three cents higher than last year.

Train Damaged.

Parties in from Indian Valley say that all of 10,000 bushels of grain must have been badly damaged by the late continued storm. Grain lying in the gavel could not be got dry enough to stack, consequently it has sprouted and spoiled. A great deal of damage was done in Sierra Valley. Much of the grain is yet unthreshed, some of it in stacks, some on the ground and some not out. The continued wet weather has prevented the spreading of that in stacks and some of it will be lost by heating.

President Arthur, on leaving Boston, October 15.

Last Monday, about 1 in the morning, as the steamer Phoenician was about 400 miles from Cape Race, up to her voyage from Glasgow to this point, a brief fire was discovered by the watch in the after hold, the smoke pouring in a thick volume from the open hatchway. JOTTINGS.

Loose oats now command \$1.75 per hundred.

E. Meyer's cigar store is the smokers' paradise.

J. T. Orr has gone on a visit to the Comstock.

Dispatch at the telegraph office for Charles Dean.

The emigrant train was two hours late this morning.

Havenor's last evening train brought down a large crowd.

The storm is not yet over. The barometer still fluctuates.

The Insane Asylum is the home for 138 patients at present.

Go to E. Meyer's cigar store for what you want in that line.

Only five days left in which to register. Therefore look sharp.

Jim Thompson, for some time absent, has returned to his Reno home.

The Coats Tavern is getting to be a very popular hotel for travelers.

Perfumes and toilet soaps at Nasby's. Thermometer at 7, 9, 11, 1 and 3-43, 52, 58, 62, 62.

A. Lindley has sent two large orders to Eastern markets on the strength of the new tariff.

Ten car-loads of beef cattle, shipped by Colonel Hardin of Winnemucca, went through here yesterday.

Hall, the sheep man, drove a flock of 2,600 head through town to-day, bound south in search of pasture.

Cattle and sheep men who have stock in the mountains are the gloomiest-looking persons in the community.

Mrs. E. H. Sedgebeer has gone on a visit to Candelaria. Mr. Sedgebeer has accepted a situation as brakeman on the C. P.

The Nevada & Oregon train this morning had all the passengers it could carry. Travel in that direction increases steadily.

J. W. Whitehead, proprietor of Hardscrablar ranch, at Pyramid, is willing to give others a show to make a raise, and therefore will quit farming.

The Wine House is a pleasant place to pass an hour or two. All the coast papers are on file. Comfortable chairs and a good fire. Fancy drinks for the thirsty.

The crossing at Virginia street and Commercial Row ought to be fixed, now that good weather has come again. During the past few days it has been an eye-sore to pedestrians.

The comet is fast leaving the sun over its left. So the theory that printers' ink would soon go out of use is all knocked into pi. The comet is still on exhibition at 4 a. m. daily in all its splendor.

A family that went east this morning on the emigrant train attracted considerable attention. There were nine children, the eldest but 10 years old. The head of the flock should have a chromo.

The ladies who are working so hard to promote the cause of temperance in Reno should be aided in their efforts. The Woman's Christian Temperance Union is a benefit to the town. Their hall on Virginia street is fitted up comfortably, and improvements will be made as fast as means will permit.

PERSONALS.

A. Kern, a San Francisco merchant, is at the depot.

George T. Marys went below on last night's train.

F. W. Pike and Ed. Studley of Lundy, are in this section.

J. M. Solover of New York and Geo. T. Van Doren of Boston are registered at the Depot Hotel.

J. E. Maltby has returned to Susanville, where he was recently burned out, and will start business anew.

Wm. H. Patton left on the N. & O. train for the north to-day, to examine the Green Mountain mine in Plumas.

Capt. John Kelly, the mining man who "slips in and slips out" judiciously, was a passenger for the Bay last night.

Mrs. Horace Smith will leave for California to-night, to spend the winter in Placerville, where her sons are attending the academy.

John Biasang, boss brick-burner for Frank Guti, having finished his brick-making season here, left Reno Saturday evening for San Francisco, to go to Seattle, W. T.

A. E. Ross of Long Valley came into town yesterday. Mr. Ross has let a contract to Mearns, Marie & Gillmore to lay about 1,200 feet of cement pipe to convey water from high Spring to his house, barn, corral, etc.

He has also teams hauling lumber from Sierra Valley and will get in readiness to build himself a commodious farm residence in the Spring.

THE COMET THIS MORNING,

Elephants, Prize Bulls, Mice Pie and Nightmare.

A GAZETTE reporter who was anxious to see the comet, ate a piece of mince pie last night that was set for 3 o'clock this morning. As the magic hour drew near he dreamed he saw a man leading a procession of half a dozen great bulls home from the State Fair. Near his door they met a circus coming from the other way that was headed by several good sized elephants. The bulls waited for no introduction, but gave the elephants quite a jostle in passing, and they were not slow to resent the familiarity. With a bellow that ought to have been heard at Wadsworth the leader sized the bull, by which the biggest bull was led and, whirling it in the air, gave him a rib roaster along his whole length. The whole caravan instantly became a howling mass of lunging leviathans. The rope bisected through the air and belted the backs of friend and foe alike. Several were capsized and the dust was laid with gore. In the middle of the fight the clock struck three and the reporter leaped to the middle of the floor with drops of cold sweat standing all over him. Looking out he found a heavy bank of clouds hanging over the East, so he went to bed and slept the sleep of the pure and good until half past 6 this morning.

HIGH-PRICED BEEF.

How a Few Dollars May be Saved on a Farm.

Owing to various causes the price of beef has gone up very rapidly in the last year, and the cause which sent it up will keep it at a good round figure for many years. The offal of farms, now wasted, would feed many cattle.

But not only will the price of beef keep up, but mutton and pork must follow. There is hardly any product so profitable as pork at five cents on foot, and the outlook promises that it will remain at about that figure for some years to come. See how many hogs a little alfalfa patch will keep until the stubble is ready to fatten them. How many thousand acres of stubble went to waste this year! Stock cattle and sheep will live on straw, and it costs less than a dollar a ton to stack straw so that it will last for years. There is more money in attending to saving these things than in attempting to plant in a wasteful manner great areas of wheat.

And besides, a system of stock-growing keeps the land from wearing out. Pasturing always improves land. These things are worth the earnest consideration of the farmers of the country.

ANOTHER BRAKEMAN HURT.

John McHenry, formerly in the employ of Alvaro Evans of Reno, has

been braking on a freight train east of Wadsworth for six weeks for conductor Ratt. Last Saturday night as his train was going on the side track at Desert station to let the overland pass, he lost his balance and went over the side of the car. As he felt himself going down, he leaped, lightning on his feet. The fall broke both of his legs, and he bounded over on his shoulder, breaking his left arm. He was brought through Reno on the overland Saturday night and taken to the hospital at Sacramento. He is a young man and has no family.

THE VENTURA MINE.

The Ventura mine in Silver Glance District is now down 120 feet. The ore being worked at present is taken

from the 50-foot level, where the vein is five feet wide, yielding \$40 per ton by the common wet battery process,

copper plated being the only saving apparatus. There is no water in the mine, nor have they ever struck any water.

The vein is a contact between quartzite and lime.

FIFTY DAYS.

The Silver City Mining Notes.

C. C. Stevenson leased the Lower Comstock and Royal mines in Silver City for four years. The Lyon county

Times says Mr. Stevenson will re-timber the old working shaft, erect buildings, put in hoisting machinery, etc., necessary for the successful working of the mines for four years.

The terms of the lease are that work shall be begun immediately and prosecuted continuously for four years, a percentage on the proceeds to be paid as

royalty.
